It's a Masonic Control System, The Scottish Rite and Swiss Octagon being top of that tree, one War (BlackRock/MIC), one Financial (Vanguard/BIS) and both everything in-between....

Yes indeed.

No form of Masonic government is Lawful.

Unfortunately, every government created by man is Masonic in nature, unnatural, and because of this fact any government of man is perdition. Have you heard of perdition? Similar to living in a state of death. [\[show more\]](#)

Its funny that this Bible is an edited KJV version of recent times, and I can tell.

So the women's rights movement spawned 250 years ago was primarily the king or queen changing the legality, and policy of the courts that only a man can testify because he has to grab his testicles while reciting whatever events he was witness to. [\[show more\]](#)
